Ms. Clark advised the Board of Trustees that she is a Delaware County Historian, her family's cemetery caretaker and a Township resident. She stated that she has experience in restoring old, damaged cemetery headstones and offered her services to the Township specifically in the south cemetery. If retained by the Township to do repairs in the south cemetery, Ms. Clark would donate her time if volunteers could be secured to assist. The Township would be responsible for providing the necessary supplies for any repairs deemed necessary.

Todd reported that Sellers Electric would be starting the installation of the fuel tanks at the maintenance building this week. Once complete there, they will proceed to the community center for the fuel tank installation there and then conclude with the electric work at the park for the flagpole.

Dave provided the Board of Trustees with an estimate for the removal of the tree located at Taylor Street and Main Street. Woodmaster Tree Service will remove the tree for \$1,500.00. Dave has spoken with the neighboring resident and their desire is not to remove the tree until next spring.

The Board of Trustees reviewed the final edit of the fact sheet that will be provided to residents regarding the upcoming road levy on the ballot for November 5. Once final approval is received from the Delaware County Prosecutor the newsletter will be sent to residents.

The Board of Trustees signed the September 30, 2019 Bank Reconciliation.
